

BANGOR WING.

THE BANGOR WING, 1839.

WEDNESDAY, Feb. 20.

8 o'clock p.m.

I've Fish, Esq., has just come in by express, from our station on the Aroostook, informing that Sir John Harvey sent in flag of truce dated on the 17th, warning them to retire from the disputed territory or he should send a force sufficient to expel them. It seems this order had forwarded before the arrival of Mr. Rogers.

The reinforcements are pouring in to our camp, and about 800 men are now encamped upon the ground, and before this time probably have three pieces of Artillery. They have thrown up a work in post, occupying the point of land on No. 10, formed by the junction of the St. Croix and the Aroostook, twelve feet in thickness, mounted by a brass field piece.

THURSDAY, 9 o'clock A.M.

An express has just arrived from Augusta bringing order from the Commander-in-chief to Major Gen. H. C. Muller, &c. &c. &c. with his detachment without delay, and to proceed to the Aroostook country with all possible despatch. The troops are now mustering and preparing to march forthwith.

Orders have also been received for a draft of nine hundred more men from this Division.

12 o'clock, M.

Five companies have just left the city for the Aroostook.

We have no time to waste now in answering the attacks of the Argus and other long papers. They may bring false accusations against the Whigs now as did the Tories of the Revolution, - our acts will be a sufficient defense for us. We are ready and ever have been to joint heart and hand in all measures of Gov. Fairfield tending to protect the honor and rights of our State.

It is worthy of remark and remembrance, that our Land Agent when passing through Woodstock was greeted with jeers and insults by British subjects, but when the British Land Agent rode through this city, although there were over a thousand of our people assembled in the streets, he was suffered to pass in silence. Not a lip was opened of an insult offered him.

Dr 1700 of Hall's best Rifles are on the way from Augusta. They are expected to day or tomorrow.

The following is a copy of the Despatch received by Gov. Fairfield on Sunday from Gov. Harvey:

LETTER FROM THE LT. GOVERNOR OF N. BRUNSWICK TO THE GOVERNOR OF MAINE.

GOVERNMENT HOUSE, Fredericton N. B. Feb. 13th, 1839.

Sir: I have just heard with the greatest surprise and regret that, without the courtesy of any previous intimation, whatever is this Government, an armed force, from the State of Maine, has entered the territory, the claim to which is in dispute between Great Britain and the United States, and which it has been agreed shall, at the two General Governments shall remain in the exclusive possession and jurisdiction of England until that claim be determined.

It has been my duty, on more than one occasion, to apprise the Executive Government of Maine that my instructions do not permit me to suffer any interference with that possession and jurisdiction, until the question of right shall have been finally decided in discussion betwixt the two General Governments.

With the knowledge of these instructions thus explicitly made known, I cannot but repeat the expression of the deep regret which I feel, that instead of seeking their recall or modification through the Presidential Government, the State of Maine should thus have forced upon a subordinate power, the alternative of either failing in its duty by abstaining from the fulfilment of the commands of his sovereign, or, by acting up to them, placing the country in a state of border collision, if not the two nations in immediate and active hostilities.

Such, nevertheless, is the position in which I find myself placed by this lawless act on the part of the State of Maine, one from which I do not hesitate in entreating your Excellency to relieve me, by ordering the immediate recall of a force whose presence within the precincts of the territory as claimed by England, it is contrary to my instructions to permit, and it is proper that I should acquaint your Excellency that I have directed a strong force of Her Majesty's troops to be in readiness to support Her Majesty's authority and to protect Her Majesty's subjects in the disputed territory, in the event of this request not being immediately complied with.

With regard to any plan for these proceedings, on the part of the State of Maine, connected with your Excellency's instructions, in that territory, I have to inform your Excellency that I have given directions for a force to be placed across the mouth of the Aroostook, where the seizing officers, protected by a sufficient guard, will be able to prevent the passage of any timber into the St. John in the spring, or to seize it and expose it to public sale for the benefit of the "Disputed Area."

Similar precautions will be adopted with regard to any timber cut upon the Upper St. John or the tributary streams falling into it.

Anxiously awaiting Your Excellency's reply to this communication, I have the honor to be Your Excellency's most obedient and humble servant.

J. HARVEY.

The following Message of Gov. Fairfield was sent to the Legislature on Monday:

GOVERNOR'S MESSAGE.

To the Hon. the House of Representatives:

Having by communication to you on the 1st ult. for transmission to the Public Lands, there has been forwarded to me a proclamation purporting to have been issued by the Lt. Gov. of the Province of N. Brunswick, which I desire to communicate to you with a statement of my proceedings consequent thereon.

By this communication, - that while the Lt. Governor can be recognized by us, and it is an entire misapprehension, to say the least of it, that such an act, as has ever been made.

The letter having been written before Mr. Hinckley reached Fredericton, no official communication is made to the source intended to be pursued in regard to his, and their agreement.

I am sorry that the Land Agent's party have declared, that the party at St. John, in the opinion, is only feasible, and the others, who are working supplies off, is shot, though a

force of New Brunswick, and avows the fact of having ordered a "sufficient military force" to go to the place where our Land Agent's party are endeavoring to execute your resolve of the 24th of January, and repel what he thus regards as an invasion of the Province" of New Brunswick.

Immediately upon the receipt of this extraordinary document, I took measures to hasten the departure of the reinforcement of the Land Agent's party, understood to have been assembled at Bangor, awaiting orders, and numbering between four and five hundred men; and also issued an order to Maj. Gen. Isaac Hopper, of the 3d Division, to despatch one thousand men by draught or otherwise, properly officered and equipped, who were to rendezvous at Bangor, and thence to proceed at the earliest possible moment to the place occupied by the Land Agent's party, on or near the Aroostook, thence to render such aid as would enable the Land Agent to carry into effect the Resolve of the 24th January.

I also despatched a special messenger with a communication to Maj. Gen. Kirby, of the U. S. Artillery, commanding at Hancock Barracks, Houlton, informing him of the fact and asking his co-operation with the troops under his command, with the forces of the State, in repelling an invasion of our territory, and sustaining our citizens in the lawful and authorized protection they now require. And I waited over the portion of this State.

These proceedings on my part, meet the application of the Legislature, and an appropriation be made for the purpose, I shall feel it to be my duty forthwith to proceed to order a draft from the militia of at least ten thousand men, who will then themselves in instant readiness to march to the frontier, should circumstances require it.

I have not yet called upon the President of the U. S. for aid in repelling the invasion of our territory by foreign troops, dreading it properly to postpone that step until the return of Col. Rogers from his special mission to Fredericton, or at least until some information should be received from him, which will probably be as early as the 20th or 21st inst. If however, you should think otherwise, and that no delay should be allowed for that purpose, an intimation to that effect will promptly be obeyed.

If I have not entirely misconceived the circumstances of the case presented for your consideration, it is one calculated to create the deepest feeling in the breast of our citizens and calls for the most prompt and determined action on the part of this Government. What is the case? You are informed that a large number of armed and desperate men from a neighboring Province, forced themselves into the territory of this State with a fixed purpose of cutting a vast amount of timber and of resisting, even unto blood any attempts to arrest them in the prosecution of their unshallow object. Dreading it your duty to make an effort to protect the interests of those who had confided them to your care, you instructed the Land Agent to proceed to the scene of devastation and plunder, with a sufficient force to arrest those who were engaged in it, and to break up their daring and wicked enterprise.

While in the act of executing this order, the Land Agent was seized, transported beyond the bounds of the State, and finally carried upon a sled, like a felon, and under the guard of provincial troops, to the capital of New Brunswick for trial. Could a greater indignity be offered to any people having a particle of sensibility, to its rights and its honor, or for the soreness of the personal liberty of its citizens? It is true that the Lt. Governor denies that the original seizure was by authority. But at Woodstock the Magistrates took cognizance of the affair, sanctioned the proceedings by issuing a warrant, (acting undoubtedly under the authority of the proclamation,) and sending our citizens under an ignominious escort to Fredericton. Really, if there be any apology or justification for this treatment of our citizens, it is not to be found in any code of international honor or comity with which I have been acquainted.

Not only this, but it seems a military force is sent into a part of the territory of this State to expel from it a civil force sent there by this government for the protection of its property. How long are we thus to be trampled upon, our rights and claims derided, our power contended, and the State degraded? If there ever was a time when the spirit of independence and self-respect should assert itself, that time is the present. We cannot tamely submit to be driven from our territory while engaged in the civil employment of felling after and protecting our property, - without incurring a very heavy measure of ignominy and disgrace.

No paliating circumstances for this outrage can be found in even a pretense that the place where it was committed is within the concurrent jurisdiction of the two Governments, much less that the British Government have held exclusive jurisdiction. Lands even higher up and beyond this, were surveyed and granted by the State of Massachusetts thirty years ago. And Massachusetts and Maine have long been in the habit of granting, permitting, cut timber upon these lands, without being to my knowledge molested from any quarter, to say nothing of the sole and actual occupation of the lands itself. It must be gratifying to all who have a true sense of the power and interests of the State, to perceive, that, upon this subject, the din of party warfare is hushed, and that a unanimity has prevailed, alike honorable and patriotic. No interruption to this commendable spirit, I trust, will be suffered. Union and good feelings, no less than prudence and energy, are absolutely necessary in this extraordinary emergency.

JOHN FAIRFIELD.

COUNCIL CHAMBERS, Feb. 18, 1839.

Since writing the foregoing, I have received communication from the Lt. Governor of the Province of New Brunswick, in which he sets up an alleged agreement that the British Government shall have exclusive jurisdiction and possession of the disputed territory, until the question be settled, and informs us that he is instructed not to suffer any interference with that possession and jurisdiction. He entreats us to withdraw the Land Agent's party, and adds that he has directed a strong force of Her Majesty's troops to be in readiness to support Her Majesty's authorities and protect Her Majesty's subjects in the disputed territory, in the event of this request not being immediately complied with.

In regard to all this, I have only to say, that, for one, I see no reason to doubt the entire correctness of the course we have thus pursued, and with the blessing of God, I trust we shall persevere.

No such agreement as that alluded to by the Lt. Governor can be recognized by us, and it is an entire misapprehension, to say the least of it, that such an act, as has ever been made.

The letter having been written before Mr. Hinckley reached Fredericton, no official communication is made to the source intended to be pursued in regard to his, and their agreement.

I am sorry that the Land Agent's party have declared, that the party at St. John, in the opinion, is only feasible, and the others, who are working supplies off, is shot, though a

Agent, prescribed himself, and in the name of His Majesty, warned our party to do, &c. &c. My Master and his two assistants were thereupon taken into custody, and I and Agent and one assistant immediately sent to Bangor, where they are now detained.

Copies of the Proclamation and letter of the Lt. Governor of New Brunswick are herewith communicated.

JOHN FAIRFIELD.

The following resolves were introduced on Monday and passed.

STATE OF MAINE.

Resolved, That the Governor be requested forthwith to communicate to the President of the United States the measures recently adopted by the State of Maine, in relation to the trespasses on the public lands of the State; and also copies of the correspondence between the Governor of New Brunswick and the Executive of Maine, in relation to the same; measures, together with any information in his possession relative to the subject; and to request the aid of the General Government in support of the rights of the State of Maine.

4w - 33. 1839.

WANTED. THE subscriber having more demands on IRA D. GLASS, Esq., than promoted his interest, is desirous of exchanging the same for something less perplexing. Any thing its exchange will be cheerfully received, excepting insults and promises.

Guar. of the smallest value will be received at asking prices, with required discount, or Notes of city Passers, in exchange, if of good moral character and no questions asked by the subscriber.

* * * * * G. GEORGE R. WILBUR, Keeper of the NEW-ENGLAND HOUSE, Gilchrist, Dec 24, 1839.

To the Hon. Senate and House of Representatives of the State of Maine, in Legislature assembled.

The position of the undersigned respectfully represents, that they are interested in timber lands lying on the upper waters of Penobscot River north westerly of the head of Moose Head Lake, that the obstructions and obstacles in Penobscot River below said lands, are so numerous and its course so circuitous and unfavorable as to prohibit the use of that river, for running the timber to market from the lands in that quarter. Those causes have prevented all lumbering operations on those lands and rendered a large amount of valuable property unavailable, to the serious injury of individual proprietors and of the State.

They further represent that those evils may be remedied and these difficulties avoided by opening and constructing a sluiceway for the passage of logs, from the waters of the west branch of Penobscot River into the head of Moose Head Lake or its tributary streams. By doing which, a direct and convenient avenue would be opened, through which the valuable timber in that quarter, now locked up, may be carried to market, to the great improvement of the productive resources of the state, as well as its individual citizens.

Therefore, your petitioners pray, that they and their associates and successors may be incorporated by the name of the Schenck Shingle Company, for the purpose of opening and constructing the sluiceway as aforesaid, and of making boom at each end of the same for the purpose of turning in and securing the timber. And that they may be authorized to take a toll upon the logs and other timber which may pass through the sluiceway, to indemnify them for their expenses. And in due bound-

WILLIAM BOYD.

WM. MOULTON.

January, 1839.

STATE OF MAINE.

In House of Representatives, Feb. 1, 1839. On the petition aforesaid, ORDERED, That the Petitioners cause an attested copy of their petition, with this Order thereon, to be published three weeks successively, in the Democrat, and the Whig and Courier, two papers printed in the City of Bangor; and also, in one weekly paper printed in the City of Portland, and one in the town of Augusta; before the twenty-eighth day of February instant, that all persons interested, may then appear and show cause, (if any they have, why the prayer of said petition should not be granted.)

Read and accepted. Sent up for concurrence.

CHARLES WESTERHOUSE, Clerk.

In Senate, Feb. 1, 1839.

Read and concurred.

WILLIAM TRAFTON, Secretary.

A true copy. Attest,

WILLIAM TRAFTON,

Secretary of the Senate.
